Crisis is Pointed by Tokyo's Ultimatum to France to Accept a "Final" Dictated Settlement of Conflict Between Indo-China and Thailand, as Reports From Saigon Say Japan Has Massed 51 Warships In Gulf of Siam

PREPARATIONS FOR DEFENSE UNDER WAY

Tokyo, March 1—(Saturday)—(AP)—Japan's ultimatum to the French that they agree to yield to Thailand large areas of the Indo-China provinces of Cambodia and Laos or suffer "forceful action" by Japanese armed forces expired at midnight Friday without a reply.

Authoritative sources said the Japanese foreign office was planning an extraordinary conference of key officials later this morning, to which Indo-China peace conference delegates would be invited for an explanation of why the French have not replied.

The nature of future Japanese action will depend upon an analysis of the French explanation, it was stated.

The Japanese foreign office attaches had waited up in their wooden building until midnight, although it had been apparent by mid-evening that the French were not going to meet the ultimatum deadline.

These were signs of the seriousness with which Japan watched the outcome of the first test of her east Asian leadership since the Rome-Berlin-Tokyo alliance alloted her a sphere of influence in "Greater East Asia."

A spokesman for the Japanese cabinet shortly before midnight declined to speculate on prospective Japanese action, saying, "that is too delicate a question."

As previously expressed by a reliable informant, Japan planned the alternative of "forceful action to win justice for Thailand" and it was understood that, in lack of French agreement, the matter would pass to the jurisdiction of the Japanese military command now in Indo-China.

Koh Ishii, official spokesman of the cabinet information bureau, said Japanese Nationals in Indo-China had been advised to prepare to leave and reliable sources asserted the actual evacuation order had been given to 200 Japanese in Saigon.

Ishii declined to indicate what

March Quota For Pennsylvania Is Increased 4,397

Harrisburg, Feb. 28—(AP)—The U. S. army today increased Pennsylvania's march induction quota under the selective service system to 5,175 men, issuing a supplemental call for 4,397 men to enter the army the latter part of the month for a year's training.

The supplemental quota called for 4,100 whites and 297 negroes for induction between March 21 and 31 at centers in Philadelphia, Wilkes-Barre, Harrisburg, Altoona and Pittsburgh.

Selective service headquarters immediately began a break-down to determine the number of men the state's 422 local boards will provide.

A call was sent out last week for 3,776 Pennsylvanians to be inducted between March 11 and 20. The state furnished 770 men in November, 3,434 in January, and 4,911 in February.

The latest call makes a total of 17,288 men called from Pennsylvania thus far.

State Government Commission Pares Office Staff in Anticipation of Shift in Control

At Least Half Dozen Technical Assistants Who Worked on Recent Reports to Legislature Are Dismissed Today

DEMS TO TAKE OVER

By the Associated Press

Harrisburg, Feb. 28—The joint state government commission anticipating a shift in political control, reduced its office staff to four persons today.

At least a half dozen technical assistants who worked on the commission's recent reports to the legislature were dismissed.

Retained were A. A. Wasserman, $6000-a-year director of the

MERCER COUNTY DAIRYMEN ARE FRAUD VICTIMS

Mercer, Feb. 28—(AP)—Fred Zurcher and John Sidler, operators of a milk company in Millvale, Allegheny county, were held for court at a preliminary hearing on a complaint that they defrauded 30 Mercer county farmers of more than $12,000 through purchases of milk in 1940.

The two pleaded innocent to a formal charge of false pretense at the hearing yesterday before Justice of the Peace Thomas McClain. Bonds of $2,000 each were set.

Several farmers testified they were induced to ship milk to the Clover Field Milk Company, operated by Zurcher and Sidler, but had never received payments for milk valued at $12,943 shipped during the first three months of 1940.

Zurcher and Sidler claimed they were forced out of business because of delivery union regulations which increased their operating costs. They asserted they had not misrepresented the condition of their business or their bond coverage.

BRITAIN MOVES FOR SHOWDOWN IN THE BALKANS

Repeated Warnings to Bulgaria to Avoid Acts Threatening Break Interpreted as Plan to Force Hitler to Show Hand

RUPTURE IS IMMINENT

BY ROBERT E. BUNNELLE

London, Feb. 28—(AP)—Authoritative sources in London declared today that Bulgaria must "bear responsibility for German aid."

Repeated British warnings to Bulgaria to avoid any act which might lead to a break in diplomatic relations was interpreted here as a move to force Germany to show her hand—whether she mean to fight in the Balkans or was bluffing to screen an attempted invasion of England.

No date has been set for the departure from Sofia of British Minister George W. Rendel, a spokesman said, but added: "Obviously it can't be delayed."

The British hailed as an important political victory the announcement that "full agreement on all points" had been reached with Turkey.

PHILADELPHIA HAS HOMICIDE

Philadelphia, Feb. 28—(AP)—An automobile salesman was shot to death late last night by a man who forced him to drive through north Philadelphia with a woman the salesman was taking to meet her husband.

The victim was Morris Doloff, 33. His body, with two bullet wounds, was found in the street a few blocks from where Mrs. Mabel Flack, 37, leaped from the machine. His diamond ring was missing although a wallet containing $12 was still in a pocket.

Mrs. Flack, wife of a transportation company employe, told detectives she was waiting for a trolley car when Doloff offered her a lift to the street intersection where she usually met her husband who was through work at midnight. She continued:

They drove to within a short distance of the intersection and she was alighting from the car when the man appeared, pointed a pistol at them, and ordered her back into the machine.

All three sat in the front seat. During the ride, he demanded her wrist watch. She told him she had

Series of Heart Attacks Beginning February 13 Finally Claim Alfonso XIII, 54-Year-Old Ex-King of Spain, Who Dies Early Today in Hotel Room in Rome Which Had Been His Home Since He Was Exiled Decade Ago

ESTRANGED WIFE IS PRESENT AT THE END

By the Associated Press

Rome, Feb. 28—(AP)—Alfonso XIII, 54-year-old former monarch of Spain, died at 11:50 a. m. (4:30 a. m., EST) today in the hotel room which has been his home in exile for a decade.

He suffered a series of heart attacks beginning on Feb. 13 and had been sitting in a chair for the last seven days, too weak to be placed in bed. His mind was lucid and he was cheerful until the last.

At his side when he died were his queen, Victoria, from whom he had been estranged for many years; his son and designated heir to the panish Sthrone, Don Juan. Another son, Don Jaime; a daughter, Beatrice; three doctors; and a Spanish Jesuit priest, Padre Ulpiano Lopez, who administered the last rites of the Catholic church when death seemed inevitable on Feb. 22.

Another daughter, Maria Cristina, was summoned from Turen, but was unable to reach Rome. She is expecting a child.

The padre administered the last sacrament of extreme unction for a second time this morning. The sacrament was administered last Saturday at Alfonso's own request.

Beginning at midnight tonight masses will be said every half hour in the tiny private chapel of Alfonso's hotel apartment.

THREE PROBES STARTED INTO PLANE TRAGEDY

Atlanta, Feb. 28.—(AP)—Three independent groups arranged today to investigate the crash near here of Eastern Air Lines' almost-new, $120,000 air sleeper, which killed seven persons and injured nine, including Eddie Rickenbacker, famed World War pilot and president of the company.

The big ship, enroute from New York, smashed into a pine woodland about midnight Wednesday as it swung several miles from the airport to come in for a landing.

Rickenbacker, who was last to be pulled from the wreckage when searchers found it at dawn yesterday, was reported "some better" early today by Piedmont Hospital attendants. He suffered a re-break of an old hip injury received in his auto racing days. Rickenbacker's physician gave him "better than an even chance" to recover.

H. A. Littledale, assistant managing editor of the New York Times, and C. M. Tappen, New York City oil company executive suffering from a fractured vertebrae, remained in a serious condition at a hospital.

The Civil Aeronautics Board began immediately a preliminary investigation, but inspectors said it would take two or three days to dismantle the motors and check other parts of the wreckage.

Senator Clark (D-Mo.), head of a special senate committee to investigate plane accidents, announced in Washington that his committee would conduct an inquiry next week.

Eastern Air Lines also began a study of the crash.

Four injured, including Mrs. H. A. Littledale, editor of Parents' Magazine, are recovering in Atlanta hospitals. Two were discharged from hospitals after treatment for minor injuries.

Payday Comes For Penn'a Guardsmen But It Is Just Another Day For Company I Boys

Balm In Announcement by Chief of 28th Division is That Every Man Can Be Paid Within the Coming Week, However

VOUCHERS DELAYED

BY RICE YAHNER
Associated Press Correspondent

Indiantown Gap, Feb. 28—(AP)—Payday came today for Pennsylvania National Guardsmen, but it was just another Friday to most of them.

Col. Benjamin C. Jones, chief of the 28th Division staff, announced that of the more than 12,000 men in camp—with the arrival of the 110th and 109th infantry regiments today—only 1,200 enlisted men and officers would get their pay on time.

Most pay vouchers and rolls had been submitted too late for auditing.

Payday to the soldiers is like the bulls eye on the target range. It's one of the big things he's been aiming for. The balm in Col. Jones' announcement was that every man can be paid within the coming week—by March 7.

Then it won't be so long to the next payday—the last day of March.

Even the ten percent of the total payroll disbursed today—the soldier gets his in cold cash—was a sizeable chunk to be passed around. It was about $25,000 for the 11 days since the induction on Feb. 17.

The delay in pay was little deterrent on the enthusiasm of the boys from southern Pennsylvania, Altoona, Williamsport, Berwick, Scranton, Honesdale, Carbondale, and East Stroudsburg, who began steaming into camp at 4:45 a. m.

Their greatest concern was a look at the place they will spend the next year.

The first units to arrive today were Co. H, various headquarters detachments of the 10th and the 55th Infantry Brigade Headquarters from Washington, Pa., and Co. B of New Brighton. They were whisked the four miles from Lickdale station to the camp in uncomfortable, but swift, covered trucks that kept out the chill of the early morning. Hot breakfast was waiting.

Southwestern Pennsylvania soldiers came into camp today with a northern wind that whipped powdery snow down off Blue mountain and made the boys tuck their heads into their great collars on the four-mile trip from the railroad station to their warm barracks.

The weather and the news that pay day would be delayed until next week, didn't depress the 110th regiment infantrymen who came from Indiana, Blairsville, Connellsville, Somerset, Mt. Pleasant, Monongahela, Monessen, Waynesburg, Washington, Greensburg and New Brighton.

On their way to camp, they saw

BOLTZ IS GIVEN ADDED 20 YEARS

Philadelphia, Feb. 28—(AP)—Robert J. Boltz, former financial counsellor already serving a state sentence of 20 to 40 years for defrauding clients of at least $1,000,000, pleaded guilty today to 102 federal indictments and was given an additional 20 years.

Judge George A. Welsh directed that the state and federal sentences run concurrently but stipulated that the federal sentence continue until its expiration in event Boltz is paroled on the state sentence.

The federal indictments charged the lanky, 54-year-old attorney with using the mails to defraud and violation of the securities and exchange act in the operation of an investment business.

Boltz has admitted that his clients lost as much as $1,000,000 but investigators say the amount may total $2,500,000 when a final accounting is completed.

The once-jaunty lawyer, whose reputation as a stock market authority earned him the sobriquet "The Wizard of Walnut Street," pleaded guilty last week to 186 state indictments charging embezzlement and fraudulent conversion.

DEBATE ON AID BILL NEARS END

Montana's Burton K. Wheeler, Implacable Foe Of Measure Since Day of Introduction, Denounces It Unsparingly as Legislation Which Would "Strip Us of Our Defenses and Invite Executive to Declare War"

IS ONE OF CLIMAX OPPOSITION ATTACKS

Washington, Feb. 28—(AP)—Montana's Burton K. Wheeler, implacable foe of the British aid bill since the day of its introduction, denounced it unsparingly today as legislation which would "strip us of our defenses, invite the chief executive to declare war, and create a dictatorship."

It was a hammer-and-tongs attack, with barbed flings at the president, at Wendell L. Willkie, "international bankers," "court satellites" and "nameless ghostwriters" whom he aligned behind the bill.

Senator Wheeler, a Democrat, omitted any reference to President Roosevelt's assertion of last night that the administration "confidently" anticipated early enactment of the lease-lend program as an "all important factor" in hemisphere defense.

Mr. Roosevelt, in a radio broadcast to the motion picture awards dinner at Hollywood, declared that the United States' defense "involves the defense of all the democracies of all the Americas—and therefore, in fact, it involves the future of democracy wherever it is imperiled by force or terror."

Wheeler, in the four-hour address he prepared for the senate floor, sharply disputed claims that the

PRODUCTION OF STEEL IS UP TO REQUIRED LEVELS

Washington, Feb. 28—(AP)—President Roosevelt made public today a report which he said showed that ample steel production facilities existed to meet all domestic defense and civilian needs as well as those of nations trying to uphold democracy.

Commenting at his press conference on the report, which came from the office of production management, Mr. Roosevelt said there had been a lot of loose talk about the adequacy of steel production capacity and that the report was exceedingly encouraging.

He told questioners that it would not be necessary at the present time to establish priorities for steel and said production could even be increased if needed.

At the same time, the chief executive said proposed congressional investigations of the defense program were all right with him. He added that congress was absolutely within its rights to check on things as they go along instead of waiting until it is all over.

In reply to questions, the president said it was new to him that Harry L. Hopkins or William C. Bullitt would head a new defense set-up to administer the British aid bill.

Hopkins formerly was secretary of commerce and Bullitt served as ambassador to France.

The steel report was submitted to the president by Gano Dunn, chief production consultant of OPM. The president said he had asked Dunn to keep the report up-to-date every three months.

There were a number of minor things that might have to be done to keep production at required levels, the chief executive asserted but these were of a minor character and had no effect on the prospective total supply which was regarded as adequate.

BY ROBERT ST. JOHN

Sofia, Feb. 28—(AP)—A cordon of police was thrown about this Bulgarian capital last night, making it impossible for anyone to leave the city, and telephone communication, internal and international, was suspended mysteriously for nearly 23 hours.

No authentic reports could be received from the frontiers.

The British legation was packed for a quick attempt to get out of the country ahead of any invasion of Nazi troops.

There are some 600,000 German soldiers in Rumania, to the north and many on the Danube frontier with Bulgaria (diplomatic dispatches reaching Belgrade today told of a mass movement of German troops in battle uniform through Bucharest, the Rumanian capital, which is less than 50 miles from the border.)

FORMULA FOR PEACE APPROVED

Workers' Organizing Committee Director Declares The Company and Union Officials Had Agreed to Ratify a Three-Point Program Submitted by President Roosevelt's Office of Production Management

ALL EMPLOYES TO BE FULLY REINSTATED

Buffalo, N. Y., Feb. 28.—(AP)—CIO workers at Bethlehem Steel's plant in suburban Lackawanna ended their two-day strike at 11:33 a. m. (EST) today after unanimously approving a government-drafted formula for settlement.

Their action came after they were told by a union leader at a mass meeting the agreement is "100 per cent in our favor."

The cheering employes immediately left their seats, paraded and danced in crowded Memorial Hall.

Earlier, Van A. Bittner, Steel Workers' Organizing Committee director, said the company and union officials had agreed to ratify a three-point program submitted by President Roosevelt's office of production management to end the strike.

Company officials, however, declined comment on Bittner's assertion.

The program, signed by William S. Knudsen and Sidney Hillman, director and associate director of the OPM, asked both union and company to agree:

1. All employes of the plant be fully reinstated as soon as resumption of operations will permit; 2. A conference be held to seek adjustment of difference; 3. The OPM "explore" with the labor board the possibility of holding an election to determine a bargaining agent.

The strike started at 9 p. m. Wednesday and was marked by sporadic outbreaks of violence.

Bittner, in charge of organizing employes in Bethlehem's mills, working on $1,500,000,000 in defense contracts, said the employes would return to work immediately.

The union has asked for a collective bargaining election, an immediate conference to settle grievances and reinstatement of workers who had been "indefinitely suspended" by the company. An earlier demand was for a 25 per cent wage boost.

John V. Riffe, assistant to Bittner, told the enthusiastic workers "we are here to celebrate the greatest victory that has ever been won in the history of the labor movement in this or any country."

Bittner said the government did "not believe, we could close the plant, but we did." Riffe termed the settlement "100 per cent in our favor."

The shouting employes, after voting approval of the agreement, lifted Bittner on their shoulders and carried him around the hall.

On the strike front, little activity was reported last night, in contrast to sporadic outbreaks of violence during the day and Wednesday night.

Snow Storm Sweeps in From the South and Blankets Large Portion of Pennsylvania

By the Associated Press

A blinding snow storm swept across Pennsylvania today, resulting in at least one death and threatening to equal last month's heavy fall.

Swirling in from the south, the storm blanketed the state from one to four inches deep.

A snow storm swept into Pennsylvania from the south today, blanketing the state from border to border and threatening to rival last month's heavy fall.

The weather bureau reported more than one inch fell within two hours in eastern Pennsylvania and there was no sign of a let-up.

In the western area, flurries began shortly after midnight and a fall of one and one-half to three inches was reported there by 7 a. m.

Whipped by a northerly wind, the snow blinded motorists and pedestrians alike. Highways were covered rapidly and state crews began the task of cindering.

The Automobile Club of Pittsburgh reported all main roads were open but were slippery. Motorists on the Pennsylvania turnpike were advised to drive with care.

The fall was heaviest in Pittsburgh which reported more than three inches by 9 a. m.

As the snow came down, so did the temperature. The mercury dropped to 23 degrees at Philadelphia, 15 at Pittsburgh and 20 at Harrisburg, Lancaster and York.

KNIGHTS ENJOY PROGRAM GIVEN BY YOUNG MEN

Last night, at a well attended meeting Warren council of the K. of C., the members were entertained by Guilio Fino, Louis Rizzardi, and Tom Tridico of the Columbian Squires, who portrayed the trials of a young doctor, in a very excellent manner. All present were in accord that the boys' organization is progressing beyond any expectations.

James D. Carlin, former district deputy of Erie and now field agent for the new insurance program of the order visited Warren Council in his new capacity. He spoke on the various features of the new insurance and pointed out the many additions that have been made that are not only attractive to the old members but especially to prospective men—it was again pointed out that this insurance is available only to members of the Knights of Columbus.

It was definitely decided at this meeting to have a social on St. Patrick's Day, March 17th. Preliminary plans indicate that this party will surpass anything thus far attempted. Bruno Sckipano was appointed chairman and the following committee to assist J. L. Bonavita, W. E. Cooney, Frank Gerardi, Dr. Wm. Graves, Robert Haben, Paul Harrington, A. J. Oriole, Charles C. Robinson, A. T. Slatery, John Salamon, Conrad Traub, Jr., Gerald Lindberg, Robert Daye, A. J. Fazio, Al. F. Lucia, and Dan Lucia. The first meeting of this committee is called for tonight at 9 o'clock at the council rooms.

Ludlow

Ludlow, Feb. 28—The council of the local Lutheran church attended a joint meeting with the Sheffield Lutheran church council at the Sheffield parsonage Wednesday evening. The following from Ludlow attended: C. J. Carlson, Gustav Olson, LeRoy Johnson, John G. Johnson, C. W. Swanson and Ernest W. Swanson.

A pleasant Tuesday afternoon was spent at the home of Mr. and Mrs. B. K. Connelly, when a number of friends attended a birthday luncheon given in honor of Mrs. Connelly. Bridge was the pastime of the afternoon, prizes going to Mrs. J. W. Fox and Mrs. Emil Nelson.

Mrs. David Peterson returned home Sunday evening after staying at the home of her sister, Mrs. George Johnson of Kane. Mrs. Peterson has been quite ill but is steadily improving.

A pleasant Tuesday afternoon was spent at the home of Mr. and Mrs. Dan Swanson when a number of ladies gathered to celebrate the birthday of Mrs. Swanson. Mrs. Vernon Swanson of Bradford was an out of town guest.

The Ludlow Study Club entertained their husbands at a progressive dinner Tuesday evening. The first course was served at the home of Mrs. Sherman Mattison, the second at Mrs. Enoch Nelson, and the third at the home of Mrs. Walter Cox. The evening was later spent in playing various games.

Mrs. Albert Carlson, Leland Engman and Cecil Nelson are serving on jury in Smethport this week.

Mrs. Vernon Swanson and sons, of Bradford, are visiting for a few days at the home of her father, Gust L. Olson.

Mrs. Wm. Hoffman Jr., of Sheffield, spent Wednesday visiting at the home of her parents, Mr. and Mrs. Gust Carlson.

C. J. Anderson attended the annual business meeting of the Warren district at Oil City, Monday. The district preaching mission held in conjunction with the meeting, continued in Titusville Tuesday.

Lewis Jones, son of Mr. and Mrs. M. I. Jones, celebrated his sixth birthday at his home Tuesday afternoon. The boys and girls present were: Natalie, Jackie, Larry and Keith Gilfert, Gail Olson, Joyce Wallin, Sherman Mattison Jr., Ronny Gilfert, Gordon Mortenson, John Walling all of Ludlow, and Philip and Michael Swanson of Bradford. The afternoon was spent playing games and later a lunch was served.

Mr. and Mrs. Wm. Hanson spent Wednesday evening in Warren at the home of Mr. and Mrs. Arthur Hanson and celebrated the birthday of Arthur Hanson.

Mr. and Mrs. Leo Bushy of Warren were Monday evening callers at the home of Mr. and Mrs. David Peterson.

The American Legion and Auxiliary are sponsoring a supper Saturday evening at the I. O. O. F. Hall, from 5 to 7 p. m. The proceeds will go to buy gifts for all boys who have gone and are listed in the selective service.

A number of friends were present at the home of Mr. and Mrs. Algot Swanson Wednesday evening and celebrated the birthday of Mrs. Swanson.

Mrs. Walter Barnes entertained Monday afternoon in honor of her son Keith who celebrated his fifth birthday. Those present were Anita Davidson, Patty Johnson, Patty Erickson, Norma Carlson, Arvid Carlson, Larry Atkins, Herman Weidner, Kevin Carter, Mr. and Mrs. Barnes, Mrs. Merle Johnson. Many gifts were received and later lunch served by Mrs. Barnes.

It was recently announced that the Lincoln Custom won the Grand Sweepstakes of the Gilmore-Grand Canyon Run of 595 miles with a performance figure of 57,827 ton-miles per gallon.

One man has kept track of every dollar spent on the eight cars he has owned since 1915. Total bill for 25 years: $23.735; total mileage: 216.62; average cost per mile: 11.1 cents, including repairs, insurance, gasoline and depreciation.

YOUR INCOME TAX

DEDUCTIONS FOR PROFESSIONAL EXPENSES

A professional man may deduct all necessary expenses incurred in the pursuit of his profession. These include the cost of supplies used in his practice, office rent, cost of light, water, fuel, and telephone in his office, the hire of office assistants, and expenses paid in the operation and repair of an automobile, based upon the proportion of time it is used for professional purposes.

Many physicians use their residences both as their offices and their homes. In such instance the physician may deduct as a business expense the rental value of the rooms occupied for office purposes if he actually pays rent, and also the cost of light and heat furnished these rooms. Also, he may deduct a portion of the wages paid domestic servants whose time is partly occupied in caring for these rooms. Membership dues in professional societies are deductible. Physicians and dentists who keep in their waiting rooms current magazines and newspapers may deduct this item as a business expense. The cost of professional journals for the taxpayer's own use is also a deductible item.

The cost of technical books is not a deductible item, being a capital expenditure, but a proportionate amount for each year's depreciation of the books may be deducted. Depreciation may also be taken on office furniture and equipment. Insurance premiums on office or other professional equipment and liability insurance may be deducted. A premium paid for automobile liability insurance should be apportioned and that part of the premium attributable to business may be deducted as a business expense.

COLOR ACCORDING TO MOOD

Bright-colored automobiles gain popularity in prosperous times, and lose favor in hard times, according to the findings of manufacturers.

When a car travels 50 miles an hour or more, gasoline consumption increases 25 per cent, and tire wear doubles.

During 1939, the automotive industry used 6,000,000 tons or more than 18 per cent of the total output of the steel industry.

UNREST IN HOLLAND

[illegible] the police in Nazi occupied Holland. [illegible] Dutch "disturbers of the peace" [illegible] of DeWitt MacKenzie, Associated Press foreign writer, is perhaps the most [illegible] of the past few days.

The significance lies in the fact that it is the rash which [illegible] of a malady that is taking a hold on Europe—a growing opposition to the overlordship of Germany. Nowhere [illegible] means of this, MacKenzie believes, because of the fear and censorship, but if watched carefully it will be found that it is there.

Thus far the occupations have been accepted in most countries with smouldering, passive resistance, but in many cases this has broken out into active opposition to the Nazi conquerors. Under-cover sabotage and refusal to cooperate with the German administration long has been apparent in numerous countries—notably Poland, Czechoslovakia, Norway, Holland and France.

The point of all this, quite apart from any active resistance, is that refusal by the civilian population to cooperate with the overlords means that government and industry cannot function properly. This has been one of the chief weapons of the Chinese against the Japanese invaders—refusal to cooperate.

It is one of Herr Hitler's gravest dangers, and MacKenzie's tip is to watch it if you would know how the conquest of Europe goes.

IS YOUR CAR SAFE

In horse-and-buggy days, if you wanted to hitch Nellie up to a buggy whose wheels were about to drop off, it was nobody's business but your own. If the wheels dropped off, nobody got hurt but you, or the people with you.

It's different today when you sit down at the wheel of a couple of tons of automobile and start hurling them through the streets at 50 miles an hour among hundreds of others. There is an obligation that your auto be safe—for the sake of others, if you don't care about yourself.

Washington, D. C., started inspecting motor vehicles in 1939. Of more than a quarter of a million inspected, 57 per cent were found to be unsafe. And of these, 3600 were removed from the streets entirely as completely unsafe. Twenty-seven thousand repairs or replacements have been ordered in the past year.

Our boys at Indiantown Gap are going to keep in touch with the old home town through the medium of the Times-Mirror, but that is no excuse for any failure on the part of friends and relatives to correspond with them regularly.

WHERE WILL LEASE-LEND BILL LEAVE SOUTH AMERICA?

Washington Feb. 28—A few new angles on U. S. relations with South America have bobbed up as the European and Oriental comets of crises move along their orbits with blazing tails.

Principally, there is puzzlement as to where the lease-lend bill will leave the South Americans. If hemisphere defense is to be the big thing, and a large part of the U. S. defense effort is intended to prevent the Nazis from taking over South America, then where the South Americans wonder, will help come from for them.

Argentine for instance, not so very long ago decided to abandon German, French and British planes for its airforce, and standardize on American aircraft—because the United States would be able to make deliveries. But the Argentine republic has had an order on file with U. S. plane makers for months, and hasn't been able to get deliveries.

To the charge that South America is being dominated by the Nazis now the Sud Americanos reply that they have more fear of what the fifth column will do in the United States than they have in Latin American republics.

There has been particular concern about Nazi penetration in Brazil, but the Brazilians claim that they have a much better stranglehold on the German menace than have the people of the United States. German pharmacies, and newspapers in the United States go practically unchecked, but whenever a German language newspaper in Brazil prints foreign news it is required to print in the next column a literal translation in Portuguese, Brazilian national language.

Similarly all radio broadcasts in Portuguese or German, to the German people of Brazil, are restricted almost entirely to music and entertainment. News bulletins are limited to simple statements of fact. No comments.

Efforts to improve commercial relations with the South America republics are just about where they always were. Every discussion on this subject sooner or later comes to the stone wall argument that we can't trade with South America because the raw materials that they formerly sold to Europe—wheat, meat, cotton, corn and sugar—are the commodities which the U. S. already has in abundance.

What has perhaps been overlooked is the possibility that the southern sister republics might try a little more selling of their excess groceries to each other. Travelers who come back drooling about the tenderness and juiciness of Argentine steaks will tell you in the same breath that the best filet mignon in the other South American countries is obtainable by slicing off the sole of your own shoe. Recently, an air express shipment of steaks was sent over the Andes as a publicity stunt. It was front page news, and it did result in an effort to drive cattle herds from Argentine into Chile for slaughter.

Spreading Yankee culture is still much on the trial and error basis, with emphasis on the error. "Grapes of Wrath," which was to educate South America about American life, was a terrible flop-eroo. The people just wouldn't believe it was a true picture of life in the U. S. A. Mistakes in staging, such as putting palm trees in the Andes or Argentine cowboys in Brazil, leave the cousins very disgustado, but with experts on every lot in Hollywood now, that may be overcome.

Best idea so far seems to be to send a string of stars on personal appearance tours. Dorothy Lamour is dying to go, at government cultural relations expense, and should fix everything up dandy.

The land sale held by the Commissioners was one of the most largely attended and successful sales held in the county. The amount sold will probably not amount to over six or seven hundred dollars but this is considered good when it is taken into consideration that most of the parcels disposed of at prices ranging from 25 cents to $125 are not worth a [illegible]

A Washington Daybook

By JACK STINNETT

WASHINGTON—Around Capital Town:

For the first time in the memory of the oldest living sarge, the United States Army has a GENERAL for a press agent. Of course, you mustn't get the army wrong. Maj. Gen. Robert C. Richardson, Jr., is no more like the Broadway or Hollywood "press agent" who "plants" stories and items glorifying his clients than one of those "Congressional Sirloin steaks" ($2.25) is like the tough little hunk of beef you get on a 65-cent "steak dinner."

Major General Richardson is really the director of press information—the chief liaison officer between the men who write what you read about your greatly expanding army and the men who are responsible for the actualities of its expansion. How important the army thinks this is is shown by the fact that Major General Richardson was (until his latest assignment) commander of the First Cavalry at Fort Bliss (Texas)—the first completely mechanized division in the whole army. In that capacity, he had covered himself with glory, experimenting with mechanization of the cavalry and working out a plan for correlation of planes, horses, armored cars and tanks to bring the new cavalry divisions to their highest point of efficiency. Under his direction, the army tested midget cars as substitutes for motorcycle courier service . . . and found them perfect.

Knows The Problems

WHY then was this son of West Point, recipient of the Distinguished Service medal in the World war, and ace of mechanization named the army's No. 1 "P. A."? The reasons are several, but a couple of them are interesting.

When a group of newspapermen recently were taken on an almost nation-wide inspection of defenses, there wasn't an army man who made a bigger hit for frankness, intelligent consideration of their questions, and recognition of the problems of writing the news than Major General Richardson.

In the second (and more important) place, the army had come to realize that what its press information needed was a man who could talk to the department heads without saluting every other second and saying, "Yes, sir," and "No, sir" to every objection that any general raised to the problems of press information. In other words, the army needed a man who could push over the needs of the newspaper reading public, without kowtowing—because of army regulations—to the whim of every fuddy-duddy, who might be tops in his job as general, but a scared rabbit when it came to letting the taxpayers know what their thinning pocketbooks were bringing in, in terms of national defense.

As we say in this business, it's a tough assignment and Major General Richardson, the one-time Charleston, S. C., boy who had glory by the tail as a commander of our first great unit of mechanized cavalry, ought to get some kind of a medal for taking the job at all. If he makes a big go of it—and first guessers are guessing he will—congress ought to shovel them out by the carload.

Like Father . . .

HOW-TIME-FLIES-DEPARTMENT—The Army Times reports that James H. Doolittle, Jr., son of Maj. James H. Doolittle—World war ace and now one of the advisers to national defense—has been placed on the eligibility list for appointment as a flying cadet. James, Jr., is 20 years old, a junior at Purdue university (Lafayette, Ind.), and thinks the only thing in life worthwhile is to "follow in Dad's footsteps."

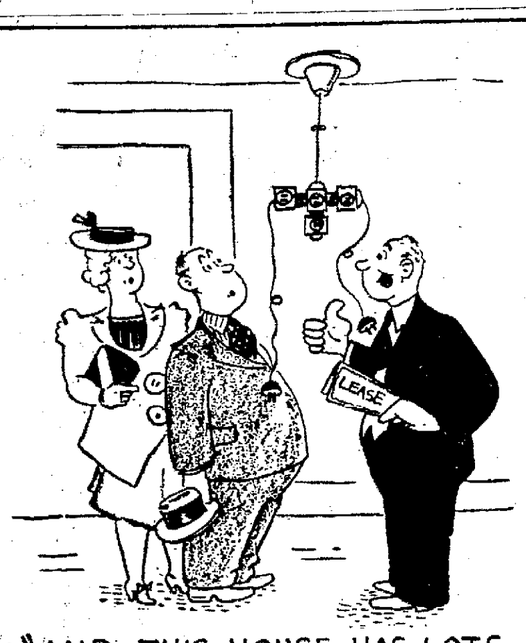
SIGNS HAVE MOVED

When astrologists say we are in the sign of Gemini, the sun is in the sign of Taurus. At one time, the "signs" of the Zodiac agreed with the "constellations" of the zodiac, but due to procession of the equinoxes during the last 2000 years, each sign has moved into the constellation west of it.

DESTRUCTIVE

New England's 1938 hurricane destroyed a third of Vermont's hard maples, and two-thirds of New Hampshire's syrup-producing trees.

During a recent year, England produced 17,286 new books, as compared with 10,812 produced in America at the same time.



"AND THIS HOUSE HAS LOTS OF PLACES TO PLUG IN LAMPS AND THINGS!"

This is one way to solve the problem of insufficient electrical outlets in the home. Fortunately however, there is a better way. The answer is Adequate Wiring. When your home is adequately wired, no electric convenience is lacking—no electrical pennies are wasted. Adequate wiring provides plenty of electric outlets — where you need them — for all lamps and appliances, enough light switches properly arranged throughout the house for safety and convenience. And you get full pleasure — and full measure — from the many conveniences electricity offers you in your home. When you rent, build or buy a home, consult your Electrical Contractor about Adequate Wiring. Adequate Wiring serves and saves.

WPA ROAD WORK IN STATE USES MANY EMPLOYES

Harrisburg, Feb. 20—Road improvement projects on the Department of Highways WPA sponsored program are providing employ- for approximately 30,000 during the winter months. However, there are 141 jobs authorized which cannot be started for the lack of labor furnished by the WPA.

Projects that are operating are short over 2800 men, Department records show. At the time the last report was submitted to Secretary I. Lamont Hughes the Department had 735 projects operating on its WPA sponsored program. These projects were providing work for 29,909 men although 32,764 could be employed if the projects were fully manned.

In addition the Department's program could give work to 6162 other men if the approved projects are started. These are being delayed because of the inability of the WPA to supply the labor.

There are 200 projects awaiting approval which could give work to 10,558 additional men.

During the period from December 15 to January 15, the Department reports the completion of 35.73 miles of stone base on its WPA program. In that same month 12.12 miles of base widening was finished and 19 bridges.

loans will do remains to be seen. Palms — hands, not trees—are supposed to be out all along the line. One big problem will be to keep the American loans from helping finance foreign competitors, particularly the British, whose trade in South America has always been way out in front of U. S. commerce.

One plan, which you will hear more of, and which will give you an idea of how some people in Washington are thinking, is to take all the British assets in Latin America and have them pooled under some joint custodianship like the Havana Conference of 21 American republics, already organized to take over administration of British territory in the western hemisphere, should Britain falter.

Secretary Morgenthau has estimated these British assets in South America as currently worth $4,000,000,000, or more than double his department's estimate of British holdings in the United States. It's a nice jackpot, and the South Americans wouldn't mind having it themselves, so that they could nationalize their railroads, mines, and other assets, and so drive out foreign competition.

7th Day Adventist Congregation Moves To Structure Here

The "Little White Church", located in Main street, North Warren, and used as the house of worship for Seventh Day Adventists for nearly 50 years, has been sold to Charles Pickett, who plans to remodel it into a dwelling.

The last service to be held there was on February 22, 1941, consisting mainly of a musical program and favorite hymns of those who had had a prominent part in church work and now deceased. Rounding out the program were remarks concerning the part each of these persons had played in the church's activities.

The congregation left the old building, which held so many pleasant memories, looking forward to greater work and success in its new location at 614 Fourth avenue, where it had purchased the brick church formerly owned by the Swedish Methodists.

The move to the new building is being made this week and plans for redecorating and much needed repairs are under way. The first service will take place this evening at eight o'clock, when G. E. Nord will speak. Having just returned from the war-torn countries of Europe, he will undoubtedly bring a stirring message and all interested are invited to hear him.

A reader recalls that the North Warren church was erected during the summer of 1881 and that funds for purchasing the lot and materials for the building were donated by Dr. M. C. Talbot, who was a leading member until his death.

Labor for constructing the building was donated by members and friends, it is stated. A few years ago, the building was raised, a basement put under it and some other improvements made.

SPECIAL CHORUS FOR MINSTRELS TO BE FEATURE

An entirely new and outstanding feature of the forthcoming North Warren Minstrels of 1941 will be the presentation of special choral numbers under the direction of Carroll Fowler. Mr. Fowler has been diligently rehearsing the special chorus of twenty men during the past several weeks, and will personally conduct both nights of the show, March 12 and 13.

This special chorus will be but a highlight of the diversified and well rounded musical program which this year's production will feature. The program will also include a regular chorus of twenty-eight voices, both a white-face and a black-face quartette, and four balladists. Accompaniment will be provided by a special nine-piece minstrel band, and withall there'll be plenty of the old-time minstrel flavor, with the funny songs and antics of no less than 8 dusky-complexioned end men and the infectious interpolations of their interrogating interlocutor.

Tickets for the event are now on sale, and may be obtained at Ritchie's Smoke Shop and Don Finley's in Warren and at Sanden's in North Warren. Seats are not being reserved, but ticket sales will be limited to the number of seats available.

Irvine

Irvine, Feb. 25—Mrs. Earnest Crull was hostess to the Ladies Union on Thursday evening Feb. 20th. Following the business session a splendid patriotic program honoring George Washington was enjoyed. This program was prepared by Mr. Crull and consisted of readings and contests with prizes awarded winners. Delicious refreshments suggestive of the holiday were also enjoyed. Mrs. N. B. Hulings will entertain on Thursday evening March 27th instead of March 20th. Members will please note change of date.

Mrs. J. J. Myers who has been very ill for a few weeks was taken to the Warren hospital on Friday last and she is expected to undergo an operation tomorrow (Wednesday) and the specialist gives them much encouragement that her health will be much better after her many friends will have their good wishes with her for to soon be home feeling much better.

Floyd Walters came up from Pittsburgh last Tuesday evening and spent the night with his mother and brother Frank.

Mrs. Sarah Peters passed another milestone in her life Feb. 20th. We heard it was the 84th. Mrs. Peters has much reason to be thankful for her long and useful life. She is an expert at all kinds of work and it would be well for many young people to take pattern after her beautiful flowers and wonderful garden. May she be

Civil Service Examinations

Civil Service examinations for the positions described below were announced by the United States Civil Service Commission today. Applications will be accepted at the Commission's Washington office not later than the closing dates specified. The salaries are subject to a 3½ percent retirement deduction.

Superintendent of construction, various grades, with salaries ranging from $3,200 to $5,600 a year. Qualified persons are urged to file application immediately, and applications will be rated as received until December 31, 1941. The duties involve the direction of foremen, laborers, and mechanics on large construction projects. Appointees will inspect materials and workmanship, and organize men and materials for efficient construction operations. They must have had broad and responsible experience in general construction work including supervisory experience.

Lithographic pressman, various grades, with salaries ranging from $1,440 to $2,000 a year. The duties include operating lithographic power presses in the reproduction of maps and charts. Apprenticeship as printing pressman or practical experience in the trade is required. Closing dates are March 24 and 27, 1941, the extra time being allowed for applications sent from Colorado and States westward.

Full information as to the requirements for these examinations, and application forms, may be obtained from W. U. McMichael, Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class post office.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—It will be a pity if the Aquarium, which is one of New York's most colorful and best-loved landmarks, has to be sacrificed to "progress."

Yet this may soon take place. Mr. Robert Moses, the commissioner of parks, says the old building at the tip of the Battery should be torn down and moved to another section of the city, probably the Bronx.

If they go through with this they will be destroying an old fort, built originally in 1807 and devised for the defense of New York harbor.

After it had outlived its usefulness as a fort it was turned into something of a pleasure resort and became celebrated, under the name of Castle Garden, as the place where Jenny Lind first sang before an American audience. It was there, too, that Morse demonstrated his findings with electrical currents. At least two Presidents—Jackson and Tyler—were entertained there, and so was the Marquis de Lafayette.

• • •

IN LATER years, when it became a wonder of marine life, it was visited by tens of millions of visitors. Writers from all over the world have paused in admiration before its tanks and have gone away to record their impressions. Of all writers who have been enthralled by it I think Paul Morand best understood its strange drama and caught its color.

"One of the beauties of New York," he wrote, "is the silent to-and-fro passage of the long black sturgeons, the monstrous darting of the great turbots. In each tank, like the model of a mythological submarine ballet with its setting of rocks and grass, the bubbles shoot up to the surface like fireworks. Colored fish from the tropics, trout from the icy great lakes, streaked catfish, seals and sharks. Most monstrous of all is the June-fish, which I first knew four years ago when it was called the Jew-fish: fat, bald, oriental, open-mouthed, waving its fins like stumpy arms, it watched Wall street with its small, haggard, keen, marble-hard eye—so ugly a creature that New York Jews demanded that his name should be altered. . . ."

• • •

AS WAS to be expected, a squall has burst around Mr. Moses' head because of this decision. Indignation meetings are being held, and the mailbags of New York's editors are filled with letters of protest. But I think it would take something approximating a "march on Rome" to sway the commissioner, who is a man of determination and who does not mind a good fight.

Moses has done a good job beautifying parks and highways in the metropolitan area, and he usually has his way. But he may run into considerable opposition before the wrecking crews actually descend on the old Aquarium, which sits at the tip of Manhattan island like a squat round cheese.

Greek War Relief Committee Receives Information Regarding Requirements

The local committee for Greek war relief has received the following information from headquarters of the association in New York City which will be read with interest by many in the community:

The first million dollars sent to Greece was put to work immediately to relieve suffering and distress that was widespread among the civilian population

Over four hundred thousand dollars has been allocated for the relief of civilians in the border towns where repeated air raids have made thousands homeless. In Corfu alone more than 18,000, persons need relief. In border areas whole populations in many towns were evacuated to get their inhabitants away from the danger zones. The condition of these evacuees was described as pitiful, and every effort is being made to relieve their suffering.

One hundred and eighty thousand dollars has gone to furnish blankets, shoes and hospital supplies for persons in the bombed areas.

Destitute families of soldiers killed in action are being cared for and 10,000 drachmas (sixty-seven dollars) is being allocated to each family which has lost its means of support. At least three thousand families are being cared for in this manner out of the two hundred thousand dollars allocated for this purpose.

Death from wounds has been appalling. The first report shows 685 persons dead and 947 wounded. This proporton of dead to wounded, caused by lack of adequate medical supplies, was particularly distressing, and in response to an urgent appeal from the Administrative Committee in Athens, the Association has been instrumental in securing units of anti-infection serum which are being shipped to Greece Saturday. It is sorely needed in an effort to save the lives of those who have been wounded or injured.

WARREN TIMES-MIRROR

OBITUARY

JOSEPH A. AARON

Funeral services in memory of Joseph A. Aaron, of 12 Conewango Place, who died very suddenly yesterday morning at the home of his daughter, Mrs. Daniel Terry, at Blairsville, will be held from St. Joseph's church on Monday morning at 11 o'clock, when solemn requiem high mass will be sung in his memory. Interment will be in St. Joseph's cemetery.

Mr. Aaron was born in Crates, Clarion county, July 7, 1871. He has resided in Warren for the past 40 years.

An active member of Warren Council, Knights of Columbus, Mr. Aaron's name was the first on the list of charter members when the organization was formed on February 26, 1905. He was a past grand knight, serving during 1909-1910.

He is survived by his wife, Anna Quinn Aaron; three daughters, Miss Emily Aaron, of Philadelphia; Mrs. Anna May Bradley, of Harrisburg, and Mrs. Mary Terry, of Blairsville; four grandchildren; three sisters, Mrs. Margaret Reinsel, of Crates, Pa.; Miss Jennie Aaron, of Erie, and Sister M. Margaret, of Villa Marie College, Erie; two brothers, A. L. Aaron, of McKees Rocks, and Edgar Aaron, of Chicago.

The remains were brought to the Leo D. Gibson Funeral Home here today. Friends may call from 2 to 5 and 7 to 9 p. m.

CHARLES C. JOHNSON

Charles C. Johnson, well known Cherry Grove resident, passed away at his home about four o'clock Thursday afternoon. He was born March 6, 1890.

Surviving are his wife, Gladyce G. Johnson; one daughter, Mrs. Karl Niemann, of Hydetown; two granddaughters, Kay and Susan Niemann; and the following brothers and sisters: James L. Johnson, Mrs. Kate Rowley and Mrs. Sophia Johnson, Warren; Andrew Johnson, Covington, Ky.; Mrs. Mary Larson, Cherry Grove; Mrs. Myrtle Bird, Worland, Wyo., and Arthur Johnson, Cleveland, O. He was preceded in death by two sons, Homer L. and Charles C., Jr.

Funeral services will be held at the family home at 1:30 o'clock Sunday afternoon, with interment in the Henderson cemetery north of Titusville.

(Titusville papers please copy)

MRS. RALPH NEWHALL

Funeral services in memory of Mrs. Abbie Mae Newhall, wife of Ralph A. Newhall, who passed away yesterday morning in the Grove City Hospital, will be held Saturday afternoon at 2:30 o'clock from the home, 19 Park street, North Warren. The Rev. J. H. Cruickshank will officiate and interment will be in Oakland cemetery.

Removal was made this afternoon from the Lutz Funeral Home to the residence in North Warren, where friends may call.

Besides her husband, Mrs. Newhall leaves two sons, R. Osborne Newhall, of Warren, and Clair W. Newhall, of North Warren; her father and one brother.

MRS. MYRTLE R. WHITE

Funeral services in memory of Mrs. Myrtle Rowley White were conducted from the Leo D. Gibson Funeral Home Thursday afternoon at 2:30 o'clock with the Rev. H. Blair Ward, pastor of the Nazarene church, officiating. Mrs. Flora Nelson and Mrs. Vernice Moser sang two hymns, "Does Jesus Care?" and "Abide With Me".

Interment was in the family plot in Oakland cemetery with the following acting as bearers: C. W. Edgett, Ronald Edgett, W. T. Couse, Arthur McGraw, Earl Rowley and William I. Weaver.

Those in attendance from out of town were Mrs. Jessie Rowley Matson, Leo Matson, Mrs. Estella Rowley Vanassche and daughter, Genevieve, of Jamestown, N. Y.; Mr. and Mrs. James Jarvis, Mr. and Mrs. Richard Vrenna and Mrs. Peter Vrenna, of Buffalo; Mr. and Mrs. Ernest Albaugh, of Tionesta.

Mrs. White was the last of the Silas L. Rowley family, pioneer settlers of this community. A sister, Mrs. Peter Edgett, preceded her in death.

MRS. ANTON JOHNSON

Funeral services in memory of Anna Johnson, wife of Anton Johnson, 112 Dartmouth street, were held at two o'clock Thursday afternoon in the Calvary Baptist church, where she was an active member. Rev. Martin Hamlin, pastor, was assisted by Rev. B. F. Armstrong.

Mrs. Robert Johnson and Miss Ellen Swanson, accompanied by Miss Janet Ahlgren, sang "In the Sweet Bye and Bye" and "Shall We Meet Beyond the River". Bearers for interment in Oakland cemetery were Emil Carlson, Oscar Lawson, John Hopkins, Delbert Decker, Ivor G. Richards and L. A. Heddens.

Attending the rites from out of town were Clifford Johnson, Quincy, Mass.; Miss Irene Johnson, Mr. and Mrs. Edmund Johnson, Mrs. Grace Cole, Washington, D. C.; Mr. and Mrs. Frank Hornquist, Mr. and Mrs. Lawrence Heddens, Mrs. Barbara Heddens, Mr. and Mrs. Carl Hornquist, Mr. and Mrs. Paul Hornquist, Buffalo, N. Y., Otto Pearson, Miami, Fla.

FLORA IDELLA GREGORY

Mrs. Flora Idella Gregory passed away at her home in Russell about 3:30 o'clock this morning, after a short illness. She was 82 years of age on November 29 and had been in failing health for several months.

She was the oldest daughter of Theodore L. and Abigail Akeley Putnam and was born in Russell, in a house just across the road from the home where she died. She was married on January 1, 1879 to Daniel Houghwot Gregory of Farmington township, who died on Christmas Day, 1932. A brother, Homer M. Putnam, of Warren, died in 1939; another brother, Lynn D. Putnam, in 1903; and a brother, Glenn J. Putnam, died in infancy in 1876. Her grandfather, Joseph Akeley, was one of the early settlers of Russell and she had lived across the creek, long spanned by the old covered bridge, all her life. For many years Mr. Gregory was a farmer on Fox Hill, and for the last ten years of his life had operated a coal and feed business in Russell. She will be sincerely mourned by a large circle of relatives and friends, having been one of the community's most widely known and best loved residents.

She leaves one daughter, Miss Inez Gregory, at home.

Funeral services will be held from the home at two o'clock Monday afternoon, Rev. R. S. Naylor officiating. Interment will be made in Pine Grove cemetery.

TWO RESIDENTS OF LANDER HURT

Lander, Feb. 28—Two residents of this community are suffering from fractured arms, sustained early Thursday afternoon.

Roy Spencer, employed in the woods near here by the Lindell Brothers, received a fracture of the right arm between the elbow and the wrist, when he was struck by a falling limb from a tree. He was taken to the Warren General Hospital for treatment and later discharged.

Mrs. Della Ludwick sustained a fracture of the right wrist when she slipped on the ice near her home and fell. She was treated by a physician.

With a rate of 27.3 per 1,000 population, New Mexico has the highest birth rate in the U. S., according to the census. New Jersey, with 13.6, has the lowest.

Most of America's oilcloth, 96 million square yards are produced annually, is made on a cotton base, but a small amount is made on paper base, according to the census.

Parachutists of the U. S. Army parachute from an average height of 750 feet armed with pistols, hand grenades, smoke bombs and machine guns.

SALEM CHURCH MEN AND BOYS ENJOY BANQUET

About 90 men and boys of the Salem Evangelical church were served for the annual father and son banquet held last evening at 6:30 o'clock in the church parlors.

Emil Ristau, president of the Albright Brotherhood, was toastmaster for this annual function, sponsored by the Onward Class. The processional march and dinner music was provided by Aubrey Knudegard, accordionist. As the group was seated, the Doxology was sung and the pastor, Rev. Stephen R. Schieb, gave the invocation. Following the serving, group singing was held by Bernard Ackert, with Mrs. Carl Jones at the piano.

The toast to the fathers was proposed by Calvin Olsen, with Ivan Rydholm giving the toast to sons. A male quartet, composed of Raymond Marti, Emil Ristau, Bernard Ackert and Myron Rydholm, with Mrs. Jones as accompanist, sang two selections, "Be a Man" and "Nobody Knows the Trouble I've Seen".

Rev. J. A. Davidson, pastor of the First Baptist church, was the guest speaker, telling most interestingly of his travels in the Holy Land and other Mediterranean countries. In concluding, he displayed an Arab costume and other articles from the Holy Land and showed colored movies which he had taken on the trip.

In closing, all joined in singing "Blest Be the Tie That Binds".

America's death rate in 1939 was 10.6 per 1,000 population, the lowest in U. S. history, and its birth rate was 17.3 compared with 16.6 in 1933, the year with the lowest rate, the census bureau reports.

GAY YOUNG BASQUE STYLE
PATTERN 4714
by ANNE ADAMS

Be leading lady of the Easter parade in this really enchanting frock. Pattern 4714, by Anne Adams. It's simple and easy to make as can be, yet it brims over with newsy touches. First of all, it has a two-piece effect that's right in the mood of the season. The low hip-seaming gracefully points up in front for slim, willowy lines, and both the front and back of the skirt are panelled. Notice the beautifully cut bodice, with soft, bust-flattering darts down the center front seam and darts above the back waist. You may add an all-around belt and sew on small buttons for trim. Choose between long, three-quarter or short sleeves. Now "plant" a gay bunch of flowers at your shoulder, put on your prettiest hat and sally forth into spring.

Pattern 4714 is available in junior miss sizes 11, 12, 13, 14, 15, 16, 17 and 18. Size 15, 3 yards 39 inch.

Wreckage of Airliner From Which Nine of 16 Aboard Emerged Alive

(NEA Telephoto)

Its nose driven into the soft Georgia moss, the shattered fuselage of an Eastern Airlines plane rears in the air to portray vividly the tremendous force with which it crashed in a pine grove 15 miles south of Atlanta. Seven of 16 persons aboard were killed. In background are rescue workers. Note leg of one of victims, at left, and piece of luggage, center, thrown clear of the plane.

Dragons Need Victory Over Wolverines To Stay In Chase

Six Varsity Men Play Last Home Contest At Beaty Gym Tonight

Fans who do not accompany the Dragons to a neutral court, should the local cagers win a spot in the playoffs for the second half of the North League title, will have their last chance to see six Warren High performers in action tonight at Beaty gym when the locals take on the Sheffield Wolverines.

Most prominent among the Dragons who will step on Beaty's hardwood for the last time as a scholastic player are Coach Kolpien's two three-year veterans, Harry, "Jap" Conroy and Richard "Red" Tucker.

Others who will be out of action after this year are Bob Hansen, Chuck Hoffecker, Bob "Sting" Brown and Johnny Pick. In other words, Coach Kolpien must start next season without one of his five starters and will also lose a first string replacement.

The Dragons, now in a three-way tie for first place with Bradford and Johnsonburg, must get by the winless Wolverines to assure themselves a crack at the second half pennant. Bradford, first half winner, is already a finalist.

The Owls meet St. Marys' Flying Dutchmen at Bradford tonight, while the Blue Jays are hosts to Emporium's Red Devils. Neither of the leaders is expected to have much trouble with the opposition.

Tonight's program will begin at 6:30 with a yannigan clash. The Sheffield and Warren Seconds will square off in the prelim at 7:30 with the main game due to get under way an hour later.

Servidea, of Johnsonburg, will toot the whistle.

The Soother

SPORT SPATTERINGS
by BILL RICE

We suppose there are many ex-fans among you who haven't been around to see the current edition of the Dragons in action. May we suggest that if you haven't, you stop in at the Beaty gym tonight for a belated glimpse of the team, and young Mr. Conroy in particular. In years to come you are going to see and hear plenty about the Dragon forward's career here in retrospect, and he has already gained a niche in Warren High's basketball hall of fame, along with his dad, Harry, Sr., Al Wolfe, Dick Schumacher, Howard Potts, Paul Weaver, "Loaf" Brown and others too numerous to mention. "Jap" is one of those basketball rarities who seldom makes an error in play, never loses his head, is as capable when the other side has the ball as when his own team is driving through a zone, and is more likely to make a shot than miss it. Conroy has his "off nights", as does every other player, but his bad evenings are so much better than par for the course that he always is a star.

And this is not to be construed as taking away a thing from his teammate and pal, Dick Tucker. The redhead is also winding up his third year as a varsity player, and is nearly as noted throughout the district as Conroy, but his spurs were won by ability to dog to distraction any highly-touted forward in the circuit and to snatch the leather off either board while nine others were attempting to do the same thing. Richard, who was an all-league guard last year and will doubtless repeat this season, must also be considered when compiling a list of all-time Warren High basketball greats. You won't miss their last appearance here if you're a regular follower, and if you're not, accept the above free advice, for a pair of court flashes like Conroy and Tucker come to a school about once in a decade.

While team scoring sometimes reflects great strength or weakness and often reveals the personality of a coach, it is interesting to note that Bradford's Owls are leading the North League list with a total of 511 points to 359 for their opponents. Warren High is second with 463 points against 344, while Johnsonburg is third in scoring with 450, but sixth and nearly seventh in defense. Kane, Ridgway and Emporium have permitted fewer points to be scored against them than the Blue Jays, who have been stung with 406, just twenty less than the Flying Dutchmen. It is entirely possible for the coach of a fair team to let his big guns operate most of the time and run up high scores, but in Bradford's case the nice total of points has been due not only to a good first line of attack, but pretty fair reserves. Warren also has an all-star starting lineup, but the scoring punch usually vanishes when the reserves step in, and Coach Kolpien is not reluctant to drag out the varsity when the game is in the bag. On this basis, the Dragons really haven't done too badly.

YEARS AGO IN SPORT

February 28, 1921—The many local friends of Frank "Shag" Shaughnessey, who once managed the Warren entry in the old Interstate League, will be interested to learn that he has secured the Akron franchise for Montreal in the International League. It is understood that "Shag" is to manage the team.

February 28, 1931—Warren and Erie played even for three quarters of last night's game at Beaty gym, but The Sunrisers had a big third period and trimmed the Dragons, 34-23. Sid Kelley scored 11 points for the Dragons. (Ed. Note: A member of the East team that year was George Blossey, who played in the Red Jacket backfield for a couple of seasons.)

Sports Round-up

BY EDDIE BRIETZ

New York, Feb. 28—Coaches Tom Lieb and Charley Bachman of Florida and Michigan State, are commiserating at Gainesville—each stands to lose five guys in the draft who will make or break their football teams. . . . Coast pals of Lou Novikoff say he was offered only $4,000 for 1941 despite his $150,000 purchase tag. . . And Bill Lee, principal factor in the Cubs' 1938 pennant drive, says his salary has been slashed $7,500 in two seasons and he faces another $2,500 cut if he doesn't report at camp. . . . Dorothy Round Little, twice Wimbledon winner, who wants to turn pro, thinks that after the war pros and amateurs will be allowed to compete against each other.

Today's True Story

Jockey Johnny Adams had seven mounts scheduled at Agua Caliente last Sunday. . . . At the last minute he found he couldn't make it down from Santa Anita in time. . . . So Trainer Leo Haskell was forced to take off seven horses and find new riders for each and every one. . . . But here's the payoff. . . Sounds unbelievable, but every one of those seven nags won.

The Answer Man

Prof. Claude Wolff of this office is hard to stump. . . He knows all the answers. . . . He's been reading about the poor big leaguers who fear that if they join the army for a year, they'll have a tough time getting back into baseball. . . Prof. Wolff admits he almost sprained his brain coming up with an answer to that one. But by gad, he did it. . . . "Let the ball players keep on ball playing," he says, —but at $21 per month. Just what they'd get in the draft army. . . . They could give the difference between that and what they ordinarily would be paid, to a charity. . . Not much of a price, sure, but they'd save their jobs." . . Professor, you have something there.

Today's Guest Star

Lou Smith, Cincinnati Enquirer: "The field where the Reds are training is in poor shape and they're talking about putting a bunch of Florida convicts to work on it. . . . But they'd better not do that. . . . If Judge Landis hears about a chain gang on the diamond, he'll declare them all free agents."

Sports Cocktail

Already the National League's film, "Winning Baseball," has been shown in every state in the republic. . . . Frank Winchell, of the famous Tampa Terrace hotel at Tampa and the favorite host of baseball writers, becomes manager of the Jacksonville Tourist and Convention Bureau March 1 and it's hooray for Jacksonville. . . . Willie Hoppe, the billiard king, doesn't like his front handle and much prefers to be called Bill, only nobody will do it. . . . Umpire Brick Owens, who is writing his life story for the Chicago Times, so far has failed to mention that he was the first arbiter to wear silk pants. . . . Another Chicago paper—the Herald-American — is running Frank Leahy's life story.

Ted M'Grew, the Dodger scout, has sold his Sarasota spaghetti joint to Jack Doyle, the old Cub ivory collector.

He Are Not True

Mike Gonzales, the Cardinal coach, who was supposed to have wired back, "Good field, no hit" when sent to look over a prospect, told a group of sports writers the other night, "There is not a word of truth in him."

BEATY CAGERS LOSE OUT IN LAST CANTO

The Beaty school cagers wound up their season last night by losing to Oil City Lincoln, 25-24, after leading throughout the fray on the local court.

Coach Fleming's team held a 14-8 advantage at the half, 21-14 at the end of the third quarter and then collapsed as three men were banished in the last period on four personal fouls.

In the preliminary the local eighth grade lost to Oil City, 21-12.

Peterson led the locals with eight points and Lynch picked up ten for the Oilers.

Feder Picks Jenkins To Flatten Ambers In Less Than Five Heats

BY SID FEDER

New York, Feb 28—(AP)—Dr. Lew Jenkins, the specialist in knockout drops, will attempt to give Lou Ambers a second injection tonight in Madison Square Garden to see if he can make the first one stick.

The Texas Thumper flattened Laughing Lou last May in three rounds and expects to equal par for the course tonight, although it's scheduled for ten rounds. For Ambers, it's either reverse that verdict or go back to the laundry in Herkimer, N. Y.

One of the nicest little guys in the not always so sweet business of dashing beaks, Ambers definitely is at the crossroads this time—and Jenkins is the traffic cop.

For this reason, so much interest has been attached to the match between the Herkimer Hurricane, who ended gallant Tony Canzoneri's reign, and the Sweetwater Swatter, who ranks among the most dangerous punchers among little men for all time that the Garden is going to do a rush business. Promoter Mike Jacobs wouldn't be at all disappointed if some 15,000 of the faithful were on hand when the feature fireworks start at 10 p. m., and he certainly would shed no tears counting a gate of $40,000 to $50,000. The bout will be broadcast.

Except for Ambers and Manager Al Weill, not even the Laughing Boy's bosom pals think there's much hope for him this time. Jenkins, whose only setback since amputating Ambers' crown came at the hands of Henry Armstrong, is a 1 to 3 favorite to win and even money to do it the hard way—putting the crusher on Lou somewhere along the route.

This corner goes along that idea, picking Jenkins inside of five rounds.

Many From Warren To See Sphas and Rens Play In Kane

The exhibition game between the New York Renaissance and the Philadelphia Sphas at Kane next Tuesday night is expected to attract a capacity crowd, including many fans from this city where for a number of years the Renaissance team was an annual attraction.

The Kane gymnasium seats a thousand, and the reserved sale is reported as brisk, the entire northern section being sold out a few days after the seats were placed on sale.

The main game will begin at 8:30 o'clock, preceded by a tilt between the Kane Holgates and the St. Marys Boys Club.

Two days before their clash at Kane, the Rens and the Sphas will participate in a four-team invitation tournament at Cleveland for a $1,000 purse and trophy. Other teams in the tourney are the New York Celtics and the Detroit Eagles, the latter team being the successor to the Warren Penns in the National Pro circuit.

HONOR ROLL

Elks

Anderson 221
Lowrey 224-224

Ed Lowrey hit 623 in the Elk Loyal Knights League last night and paced the Times-Mirror to a new league total of 2680 . . . Lowrey's 623 tied Bill Hoagvall's circuit mark . . . Beckley's forfeited anyway . . . The Kirberger Jewelry club dropped three to Denny Cochran's tonsorial artists but retained a good lead . . . Hultman's dropped the second place New Process to help the Kirberger advantage . . . Another forfeit was posted when Darling's produced only two men to roll again Harvey and Carey . . . High single game also was taken by Lowrey who made doubly sure of it by getting a pair of 224's.

The O. K. Service Station came through with a three-pointer at the expense of the Sherwood Refining and gained ground on the idle Commercial League leaders Rich's Atlantic . . . Olson and Bjers, the third place team, fell by the wayside, losing three to West Ridge . . . The National Forge toppled out of first division ranking by dropping a trio to the cellar occupants, the Newell Press . Burgeson had high game, just missing the honor roll by a pin and Bob Schussler took care of total pins with 578.

DEMARET LAGS BUT IS PICKED TO WIN

St. Petersburg, Fa., Feb 28—(AP)—The boys who follow golf were willing to wager today that Jimmy Demaret would win the $5,000 St. Petersburg Open if gusty winds kept sweeping in from the gulf.

The opinion prevailed although the nonchalant Texan was two strokes off the pace entering today's final 36 holes, trailing Ben Hogan of Hershey, Pa., and Herman Barron of White Plains N. Y. tied at 136 and, Felix Serafin of Scranton, Pa., with 137.

Barron put it this way.

"Demaret is the best heavy weather player in the game. If this wind keeps up he will win by two or three strokes."

Henry Picard of Hershey, the first-day leader with 67 nearly blew himself out with a second-nine 40 yesterday that gave him a 139 total.

ROCKS TRIP UP PENN MERCHANT FIVE IN LEAGUE

The Penn Merchants suffered their first league defeat of the season last night when the Rocks came through in the last period to win, 57-51. The teams were tied at the end of the third quarter, 43-43.

Dick Driscoll scored 18 points. Graham 15 and Rapin 12 for the Merchants, while Bill Mulvey got 16, Ray Ritchie 14 and Ray Moll 12 for the winners.

The Times-Mirror, led by Cliff Graham and "Red" Scott with a dozen points apiece, knocked off the White Horses 43-32 in the Class "B" division.

BOOSTER GAME FOR PATTERSON QUINTET MONDAY

A game which should attract plenty of local basketball followers is scheduled for the Y. M. C. A. court Monday night when "Chink" Collins' Patterson semi-pros again stack up against the speedy Franklin Chicago Pneumatic Tool team.

The Franklin quint, loser of only nine out of 34 games, has already soundly spanked the locals twice, and fans here have expressed a desire to see the down-river outfit in action once more.

The fracas will be in the nature of a booster game, and tickets may be procured at the Pennzoil service station, the B. and B. Smoke Shop, the Texas Lunch or from team members.

There will be a fast preliminary tilt at eight o'clock.

Training Camp Notes

By the Associated Press

Sarasota, Fla.—Ted Williams' holdout against Boston Red Sox was due to emerge from its cloak of mystery today, the date set for the second squad to report to Manager Joe Cronin. Nothing has been heard from him since club officials talked to him several weeks ago in Minneapolis and offered him a contract calling for a 50 per cent raise to $18,000. Cronin said he had a hunch he would show up today with the paper signed.

Anaheim, Calif.—Chubby Dean, Chalmer Harris and Porter Vaughn were selected by Connie Mack to do the pitching for the Philadelphia Athletics in their first exhibition game Sunday against Seattle of the Pacific Coast League. Except for Bob Johnson, subbing at first for Dick Siebert, two complete teams will be used by the A's.

Havana—The Brooklyn Dodgers and New York Giants were short-handed today for the first game of baseball's 1941 grapefruit league campaign. The only catcher the Dodgers have present is Herman Franks, third stringer, and the Giants arrived without Catcher Harry Danning and Infielder Burgess Whitehead and Joe Orengo, all holdouts.

San Bernardino, Calif.—Getting ready for their first camp game tomorrow, the Pittsburgh Pirates were put through a long rehearsal of base running and sliding. "We were pathetically weak last season in base running and Vince DiMaggio was the only dependable stealer in the bunch," explained Manager Frank Frisch.

Philadelphia—Danny Litwhiler, flashy outfielder, joined three pitchers and a catcher southward bound today to open the Phillies' training camp at Miami Beach, Fla. Manager Doc Prothro ordered the outfielder to early training in an effort to get his playing weight down.

Tampa, Fla.—Coach Jewel Ens has the Cincinnati Red pitchers melting off weight with his expert Fungo hitting. He has been "knocking them where they ain't" and enjoying the scrambling. Ens said it was good for their wind and disclosed that Pitcher Johnny Hutchings was supposed to shed 25 of his 247 pounds.

St. Petersburg, Fla.—Joe Gordon, who now is being mentioned as a possible first baseman for the New York Yankees as well as a second and third baseman, has arrived at the Bomber's camp although not due to report until Monday. He still had some contract problems to discuss with Manager Joe McCarthy.

DRAGON GYMNASTS GO TO OIL CITY

Coach Homer W. Fleming's gymnasts will go to Oil City tomorrow afternoon for a dual meet, their last before the District Ten meeting here next Saturday.

The locals are expected to take both meet and title without difficulty on the basis of past performances.

Grating Profile Shadows Hank

Hank Greenberg was greeted by comedian Jimmy Durante—schnozzle, shadow and all—when he arrived in New York en route to Detroit Tigers' training camp in Lakeland, Fla., with his draft status still in doubt.

It is estimated that by June, 1941, which will mark two years' work, the civilian pilot training program will have given more than 90,000 flight courses to about 70,000 individuals. About 55,000 of this number will be students from 19 to 26 years old.

As of June 30, 1940, there were in operation 28,745 miles of lighted airways in the United States, having 2205 beacons and 296 lighted intermediate landing fields.

Britain Moves For Showdown in Balkans

(From Page One)

Official circles frankly asserted that assurances which Foreign Secretary Anthony Eden received from the Turkish government at Ankara had been the foundation for the firm stand taken yesterday by Rendel.

Rendel declared in an interview that "the forerunners" of a German invasion of Bulgaria already had entered that country "by hundreds—no, I say thousands," and hinted at the imminent possibility of a break in British-Bulgarian relations

He added that if such a break occurred Bulgaria would "have to face the consequences of being a theater of war."

The British, Rendel said, would feel "free to attack the Germans on Bulgarian soil without any formal declaration of war."

One important point, this source said, had been cleared up by Eden in his visit to Ankara — namely, that the recent Turkish-Bulgarian non-aggressoin pact would in no way be an obstacle to British bombing of Bulgarian communications and oil fields by way of countering German moves as Rendel threatened.

GRAND VALLEY CHILD DIES OF SEVERE BURNS

Burns which she received when her clothing caught fire from a stove while she was playing at the home of a friend yesterday afternoon resulted in the death at 10.45 o'clock last night in the Titusville Hospital of Maxine Baker, 12-year-old daughter of Mr. and Mrs. Byron Baker, of Grand Valley. The accident occurred at the residence of Mr. and Mrs. Kenneth Weldon, near Grand Valley.

According to reports, the Baker child went to the Weldon home on her way home from school to play with the Weldon children. It was stated that she was standing with her back to the kitchen stove to get warm and that flames shooting out from the stove set fire to her clothing.

Mr. and Mrs. Weldon were not at home at the time. One of the Weldon children is reported to have tried to smother the flames but the Baker girl became panicky and started to run out of the house. She ran to the nearby home of Sam Rouch, but by the time she arrived there her entire body was badly burned.

The Arnold ambulance was called from Titusville and the child was taken to the Titusville Hospital, where she died in less than eight hours. Removal was made to the Arnold Funeral Home.

Deputy Coroner C. M. Sonne, of Titusville, is investigating the case today.

Maxine Baker was born July 22, 1928, at Plummer. She attended the sixth grade at the Grand Valley School.

Besides her parents, she leaves the following brothers and sisters, all at home: Dorothy, Lenore, Madeline, Joyce, Marguerite, Byron, Jr., Elaine, Sheldon, Richard, Evelyn and Caroline.

Funeral services will be held from the home in Grand Valley on Sunday afternoon at two o'clock. Interment will be in the Neilltown cemetery.

Berlin, Feb. 28.—(AP)—Rumors were current in Vienna tonight that Bulgarian leaders would sign the Berlin-Rome-Tokyo pact there tomorrow.

Although nothing official was announced there or in Berlin, the view was widely held that Bulbaria's formal adherence to the accord would take place at a famous Hapsburg castle.

Earlier press reports to the same effect had evoked in Berlin the authorized statement that "nothing is known" on the subject.

for Monday when the body will be taken from the Grand Hotel to his favorite church in Rome, St. Mary of the Angels, and afterward for the final rites to the Spanish National church here, St. Mary Monserrato.

A special Spanish government permit was obtained for the services at Monserrato where Don Juan was married.

The mantle of the Virgin Pilar was put over Alfonso shortly before he died, and it remained over him after his death. The garment, reputed to possess miraculous qualities in facilitating a cure of the sick, was sent from Spain.

Carabinieri in full dress uniforms stood guard outside the hotel, according Alfonso the pomp befitting a former monarch

Crown Prince Umberto of Italy visited Alfonso's family at the hotel immediately and conveyed the condolences of Italy's king and queen, with whom Alfonso was on terms of close friendship. They visited him last Saturday.

Prince Juan, heir to the non-existant Spanish throne, served years in the British navy and speaks English fluently.

Except for an occasional trip to Switzerland Alfonso spent almost his entire life in exile in Rome, where friends said he found the drain on his fortune less heavy than in any other European capital.

Alfonso was king from his birth, May 17, 1886, and reigned until April 14, 1931—a period marked by turbulence and political unrest which finally broke into civil war in 1936, when Spain was a republic.

Alfonso left Spain April 15, 1931, after signing a manifesto expressing his conclusion that anti-monarchist election results showed he no longer had the love of his people. But in his own estimate he remained king of Spain.

He declared again and again, "I will never abandon my throne." His hope and prediction were that some day he would return.

His final yielding, dated Jan. 15, 1941, was a renunciation of the throne in favor of his third son, Don Juan.

Debate on Aid Bill Nears End

(From Page One)

bill would help further the interests of national defense, and proclaimed anew that he would battle it to the last, regardless.

As the Montanan analyzed the legislation, it would empower the president to aid any country he wished, even Latin American nations in their continental controversies, "or in their internal revolutions."

Wheeler said "the overwhelming majority" of communications he had received from the public were against the bill. The majority favoring it, he continued, revealed that they did so because they did not understand the measure. They had been lulled by "soothing assurances" from their leaders that the bill will keep us out of war."

Wheeler's address was the first of the two major speeches which the planned for the closing days of the Senate's general debate on the legislation. In view of the No. 1 role he has popularly been assigned in fight on the British aid measure, his speeches were regarded as the climax offensives of the opposition's floor battle.

Before Wheeler could take the floor, he had to wait until Senator Maloney (D-Conn), a supporter of the bill, delivered his planned speech in behalf of passage without further delay.

As the Senate reached its eleventh day of general debate, administration leaders were arranging for longer sessions next week in hopes of expediting consideration of amendments and then final action.

Senator Connally (D-Tex), one of the strategy board, remarked that "while you can't call all this speechmaking a filibuster, it has some of the earmarks of one."

State Government Commission Pares Office Staff

(From Page One)

commission and former member of the house of representatives from Philadelphia; Calvin Silver of Philadelphia; Mrs. Blaine Gittings and Rosa Tracy, of Dauphin county.

The commission turnover shared interest with a simmering dispute between Governor James and Secretary of Commerce Richard P. Brown over the advertising agency to handle the state's tourist publicity campaign that has brought a threat of resignation from Brown.

Brown said that unless the governor "realizes the mistake" of shifting the $168,000 advertising account from the agency that has handled it for two years to another agency "there is nothing I can do but resign."

James said, however, he had received "no offer of resignation" from Brown.

The state government commission once had as many as 21 employes. It functioned in the past two years under a $65,000 appropriation for study of relief, taxes, unemployment compensation, departmental procedure and other governmental problems.

The Republicans controlled the commission by their majority in the House in 1939. Democrats won a 126-82 majority in the assembly in the November, 1940 election and Majority Leader Leo A. Achterman asserted the Democrats intend to take over the reins of the commission along with the patronage.

The term of the commission, made up of 10 assemblymen and seven senators, actually expired Feb. 1 but before that date it gave Wasserman the needed authority to wind up its business. An act must be passed together with an appropriation bill to continue the research body.

House Democrats extending their inquiry into Governor James' budget arranged today to interview heads of four departments on capitol hill next week.

The group will hear from Miss S. M. R. O'Hara, secretary of the commonwealth next Wednesday at 3 p. m.; a representative of Secretary of Banking John C. Bell who is ill, Thursday at 10 a. m.; Insurance Commissioner Matthew H. Taggart at 11 a. m. and Secretary of Health John J. Shaw at 1 p. m.

Colonials Prepare to Fight

action Japan would take if the French rejected the peace terms.

Japan twice has extended the armistice, the last time to March 7, and Ishii said regardless of the outcome of the conference the truce would continue until expiration date.

There are at least 6,000 Japanese troops garrisoned in Indo-China by terms of the settlement of the latter's dispute with Japan last fall, when the Japanese demanded bases for use against China.

New York, Feb. 28—(AP)—Domei (Japanese news agency) reported in a broadcast from Tokyo that the war minister, General Eiki Tojo, was received in audience today by Emperor Hirohito, to whom he "reported regarding matters under his jurisdiction."

(An imperial audience for the war minister sometimes is a prelude to important Japanese military action.)

Saigon, French Indo-China, Feb. 28—(AP)—Reports circulated here today—for which the Associated Press could obtain no direct confirmation—that Japanese naval patrols totalling 51 vessels of various classifications were in the Gulf of Siam and waters off southern Indo-China.

The feeling was widespread that a great crisis was facing Saigon and Indo-China, but Frenchmen and natives alike awaited with outward calm expiration of the time within which Japan has demanded acceptance of her terms for peace between Thailand and Indo-China.

Two hundred Japanese Nationals stood ready to board a Japanese cruiser and depart for home if the French Indo-China government failed to accept by midnight a Japanese ultimatum for settlement of the Thailand-Indo-China border dispute.

TIMES TOPICS

ARE INDUCTED

It was learned here today that all of the 16 men from Warren county who left Wednesday morning for Pittsburgh to be inducted into the U. S. Army were accepted and have been sent to Camp Meade, Md.

It is estimated that the air transport industry does a gross annual business of $75,000,000, operates 398 airliners with a seating capacity of 8968 passengers and employs 20,000 persons.

More than 700 colleges are now giving ground school courses for the civilian pilot training program, while an equal number of flying schools are giving flight work.

About 3400 miles of new airways, including 200 airway beacons and 29 intermediate fields were substantially completed as of June 30, 1940.

It is reported that 99,126,719 miles were flown and 2,225,319 revenue passengers carried by U. S. air carriers in domestic operations in the year ending June 30, 1940.
